

# HyperGuard™ LXC2153

## Product Data Sheet

### Product Brief

HyperGuard™ LXC2153 is our Cut Level C glove for cold, dry, and wet environments. Thermal acrylic terry fleeced liner provides contact cold protection as well as excellent cut-resistance. The embedded latex Super Grip® technology includes double dipping and sandy surface, which gives extra friction in dealing with wet objects. Foam technology makes LXC2153 much softer.
